

TRAFFIC MANAGEMENT POLICY

Neo Infrastructure Pty Ltd aims to:

- Ensure that standardised procedures for traffic management are used at all road works to ensure the safety of road users and road workers. This will minimise the disruption and inconvenience to road users as a result of the works.
- Ensure a consistent, fair and comprehensive approach to the investigation, consultation, implementation and monitoring of all works involving traffic management.

Neo Infrastructure will:

- Comply with the requirements of the latest amendment to the Main Roads Western Australia (MRWA) "Traffic Management for Works on Road Code of Practice" for all works.
- Recognise that we have a duty of care under the Occupational Safety and Health Act 1984 to provide a safe place of work for its employees and to ensure that persons who have access to the workplace are not exposed to hazards.
- Prepare or have prepared a traffic management plan for all road works under its control.
- Road works traffic management tasks shall only be undertaken by persons who have successfully completed MRWA Traffic Management for Works on Roads - Basic Worksite Traffic Management.
