### REFERENCE FOR NEO INFRASTRUCTURE PTY LTD

Neo Infrastructure provided marine works to the City of Rockingham in 2013 for the construction of a 65m Geotextile Sand Container Groyne at Point Peron. The works included the supply, filling and placement of 2.5m<sup>3</sup> Geotextile Sand Containers, excavation of beach sand and reinstatement of an eroded section of foreshore.

Over the course of these works, I found Neo Infrastructure to be well organised, technically competent, responsive to special requirements and furthermore, flexible and helpful to work with.

I have no hesitation in recommending Neo Infrastructure Pty Ltd for future marine based projects.

Should you require any further information, please do not hesitate to contact me on 9528 0423.

Yours faithfully

**MATTHEW DONALDSON**  
**COASTAL ENGINEERING OFFICER**
